2. Update to ARTICLE IV. SPECIFIC SWIMMING RULES, section A. 5. Meeting Organization
    Existing Language: Meet Organization
    a. Host teams may choose to use timing sheets rather than the lane cards provided by the DSDC. If the host team uses timing sheets, the host team will accommodate report requests from the visiting team for the coaches and bull pen.
        Lane cards (timing sheets) will be completed by the home team and turned in to the Clerk of Course. Each team that will use lane cards, must use lane cards provided by the DuPage Swim & Dive Conference. Host teams with 8 lane pools will receive 750 additional exhibition cards to accommodate the additional swims during the season. Colored lane cards must be used for exhibition heats. Exhibition times do not count for points at dual meets. Swimmers names must be entered in full, FIRST and LAST names are required, not just initials. TM individual ID numbers must also be used.
    b. All relay event cards (timing sheets) must indicate the numerical order of swimmers (1, 2,3, 4) and this information must be verified on the official score sheet from MM in order for actual relay times to be used as seed times for the A Conference meet. Names on the lane cards (timing sheets) must look like this:

1. John Backstroker	2. Mike Breastroker
3. Bobby Flyer	4. Joe Free

1. John Free #1	2. Mike Free #2		
3. Bobby Free #3	4. Joe Free #4		

    In the event of manual scoring, the numerical order must be transferred to score sheets by the scorekeepers.
    c. Visiting team will always occupy odd numbered lanes.

d. Lane cards and timing sheets MUST be correctly changed by the coach prior to the event. Any changes that were made before the start of the meet must also be given to the data entry person. UNUSUAL CIRCUMSTANCES CAN BE APPROVED BY THE STARTER REFEREE.

e. The home team will maintain all lane cards (timing sheets), finish cards and DQ cards used at a dual meet until the end of the season and will bring them to the seed meeting.
